Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the **SFB - Terminal Roadway Signage Upgrades, Sanford, Florida** in fiscal year 2025. The entity to receive funding for this project is the **Sanford Airport Authority**, located at 1200 Red Cleveland Blvd, Sanford, Florida 32773.

The funding would be used for the design and construction of new signage along the airport roadways to aid travelers in reaching their final destination. The mix of digital signs (overhead and ground-mounted) as well as static signs (overhead and ground-mounted) will be utilized using a clear theme and style to aid the travelers. The project will provide additional safety to the traveling public by reducing vehicular weaving due to driver confusion. This project is consistent with the FAA AIP and PFC statute requirements.

The project is an appropriate use of taxpayer funds because the introduction of new digital signs, overhead signs, and wayfinding signs as well as the replacement of existing signage will assist in the smooth movement of vehicular traffic to and from the terminal, surface parking lots, and rental car returns.

The project has a Federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

A handwritten signature in black ink, appearing to read "Cory Mills".
